

## SEMPERCLEAN MC HIGH-TECH WITH FEELING

**EASY TO DON** – as a result of the special synthetic inner coating

**EXCELLENT GRIP** – thanks to micro-rough surface and special outer surface treatment

**SUPREME WEARING COMFORT** – due to anatomical shape

## HIGH-TECH WITH FEELING

The Semperclean MC is a specialized protective glove made of natural latex perfectly tuned to the needs of medical-technical areas, such as laboratories, pharmaceutical industry and R&D. The synthetic lining that makes the Semperclean MC so easy to don is the result of many years of development and the web-like structure of the glove surface reduces the friction resistance, improving the wearing comfort considerably. The fully anatomical shape with curved fingers helps in preventing hand fatigue and facilitates optimal instrument handling.

### KEY FEATURES:

- Synthetic inner coating for easy donning
- Stands for supreme quality, a tried and tested medical product
- Excellent gripping properties due to special outer surface treatment
- Anatomical shape, ideal fit to reduce hand fatigue
- Particularly skin-friendly and powder free due to intensive cleaning/washing
- Available in 6 sizes, including intermediate sizes for optimal fit
- Recommended usage: laboratory, pharmaceutical industry, research, hospital
